
Power Interest Psychology Smail David

power, responsibility and freedom - the-eye - own interest, into betraying the scientific basis on which it claims to rest. for 'science' means taking reality into account and articulating the lessons it teaches (i.e. attending to evidence). and that is exactly what clinical psychology has not done. for reasons which i have written about elsewhere (see, for example, **the value of community psychology: being critical in the nhs.** - prilleltensky, i. (1989) *psychology and the status quo* american psychologist 44, 5 795-802
prilleltensky, i. & nelson, g. (2002) *doing psychology critically* basingstoke palgrave macmillan
smail, d (2002) *psychology and power: understanding human action* journal of critical psychology, counselling and psychotherapy 1-10
